

TESTORS® SPRAY CHALK SHIMMER KIT

DESCRIPTION AND USES

Testors® Spray Chalk makes it easy to turn outside surfaces into playing fields, games or a masterpiece. Just pop the cap off and spray. Chalk spray instantly turns to powder as it comes out of the can creating cool sidewalk chalk looks with a spray can effect. Spray chalk sprays up to 70 linear feet per can. For outdoor use and temporary markings.

359700	Spay Chalk White Icing 6 oz.

PRODUCT FEATURES

CREATE:

Temporary art, games, obstacle courses, special occasion markings, sports fields, proposals and more. The spray chalk creations will sparkle in the sun.

USE ON:

Concrete, grass, asphalt, snow, sand, pavers, vinyl siding and glass.

NOTE: Not recommended for use on freshly sealed asphalt or wood surfaces.

TEMPORARY FORMULA:

Color fades to white naturally in 7 days*, washes away with water.

PRODUCT APPLICATION

APPLICATION

For outdoor use and temporary markings.

Shake well before use. Hold can 4-10" from surface. If spraying towards the ground, hold can at a 45° angle. If tip clogs, run under warm water.

NOTE: Spray Chalk contains colorants that may stain clothing. Never use on clothing. Wash clothing promptly with an oxygen-based cleaning product.

REMOVAL

Rinse surface with water pressure from a garden hose. Light brushing may be required on porous surfaces. If the shimmer particles seem to be stuck in crevices, spray with water to loosen and it will wash away.

NOTE: *Long term contact or extended exposure to sunlight may result in left over residue on surface. Spray off within 24 hours to avoid potential discoloration. If residues remains, use household cleaner such as Krud Kutter® to remove. It is not recommended to use a pressure washer until after the product begins to fade (typically after 7 days).
